

We are looking for an experienced veterinarian capable of performing advanced dentistry and surgery for our 4 Doctor, AAHA accredited, general private practice. Whether you are considering partial retirement or have acquired these skills early on and want full time work, we have a position for you. We are located in sunny and warm southern AZ. We have a full team of committed doctors and experienced technicians who will ensure your professional and financial success. We have all of the equipment to support your experience, as well as the clientele. You must share a desire to work closely with a warm, compassionate, highly-skilled team of experienced patient advocates who believe in the highest quality of medicine and client care. Ownership is also available for the right candidate. If you've got the skills, we will make this job worth your while! Please email your resume and cover letter to Otto Siegler at osiegler@animalcarecenter.com.
