

# Daily Agenda for Day Care:

## 7:30-9:00 Arrivals

Dogs are dropped off, their belongings are labelled, and they are placed in separate crates to relax before play time begins.

## 9:00-11:00 Morning Fun

Play with friends (canine and people)!!! Supervised play with frisbees, balls, chasing games, wrestling, fetch, tug of war, bubbles, kiddy pool, and lots more!

## 11:00-1:30 Nap Time

Dogs rest in their crates with lights out and soft music playing. They are given a treat or lunch and get to have a chance to rest and recharge for the afternoon.

## 1:30-3:00 Afternoon Fun

Daycare reopens for a bit more mellow play. Still lots to do with ice cube fun and dance parties, but more prone to loves and attention than high intensity play like in the morning.

## 3:00-3:30 Slow Close

We gradually work to get the dogs settled back into their own crates as we people do some evening clean up and fill out report cards.

## 3:30-5:00 Pick-up Time!!!

Everyone gets to relax a bit before going home. As much fun as they always have here, they are ready to go and so happy to see you at the end of the day!
