

### 7:30 Arrivals Begin!

Dogs are dropped off, their belongings are labelled, and they are placed in separate crates to relax before play time begins.

### 8:00-11:30 Morning Fun

Play with friends (canine and people)!! Supervised play with Frisbees, balls, chasing games, wrestling, meeting new friends, fetch, tug of war, bubbles, kiddy pool, lots of possibilities!

### 11:30-1:30 Nap Time

Dogs rest in their crates with lights out and soft music playing. They are given a treat or lunch and get to have a chance to rest and recharge for the afternoon.

### 1:30-4:00 Afternoon Fun

Daycare reopens for a bit more mellow play. Still lots to do with ice cube fun and dance parties, but more prone to loves and attention than high intensity play like in the morning.

### 4:00-4:30 Slow Close

We gradually work to get dogs settled back into their own crates as we people do some evening clean up and fill out report cards.

### 4:30-5:00 Pick-up Time!!

Everyone gets to relax a bit before going home. As much fun as they always have here, they are ready to go and so happy to see you at the end of the day!
